Northern Ireland: Technical Booklet R-2012 (FULL) [Download](#)

SCALE RULE

We recommend you bring the following to the training if possible:

SCALE RULE (containing scales of 1:20 and 1:50)

If you do not have a scale rule, then you can print off a Viva Access disposable scale rules [HERE](#) (2 scale rules, in 1:20 and 1:50).

If you do not have a printer (e.g. working from home), then don't worry as the scale rule is not essential and you can still take part in case studies.
